Cookies

This website uses cookies, which are small pieces of information that are released to your computer or other devices that access the Internet when you visit the site. Cookies are stored in your browser and on your computer / device memory and are used to distinguish you from other visitors to the site.

You may/can refuse to use cookies by selecting the appropriate settings on your web browser, but in doing so, you may not have access to the full functionality of our site.

Visitors to our sites

Turgut Ozal EDUCATION JSC has/owns the official website of the institution <http://turgutozal.edu.al>. Through the official website, the institution transmits and collects information. The purpose of broadcasting/transmitting and collecting information via the Internet is to be close to the visitors, parents, students or individuals interested in the institution.

For visitors to <http://turgutozal.edu.al>, the system collects standard information that relates to the visits of articles or rubrics on this site. This information is collected for statistical and study purposes (to indicate the visitor access, to see which are the most sensitive sections and consequently to the interest of the personal data subjects, without ever making them identifiable).

We do not link any data collected/gathered from this site with any personal information that makes the visitor identifiable by any source to come as part of our use. If we want to collect personally identifiable information through our website, we will make it clear to you when we collect personal information and explain what we intend to do with it.

Job applicants, current employees and former employees Turgut Ozal EDUCATION JSC

When people apply for employment at Turgut Ozal EDUCATION JSC we use information about their application process and to monitor recruitment statistics.

Personal information/data about unsuccessful applicants is held for 12 months after the last update and can also be used for evaluation of candidacy for other employment positions within its subordinate institutions, and then destroyed or deleted. We keep uninitialized/free personalized information for statistical purposes with respect to applicants, to help our recruitment activities, but no applicant is identifiable by this data.

Disclosure and dissemination of personal data

Turgut Ozal EDUCATION JSC is aware of the importance and sensitivity of personal data and strictly respects the security measures provided for in Law no. 9887 of 10 March 2008 "On Protection of Personal Data" This is achieved through the use of advanced and modern techniques to maintain databases and its computer systems. Also, the company Turgut Ozal EDUCATION JSC takes care that the transfer and registration of data is done with full security measures in full compliance with the relevant legislation.

We use the information held about you in the following ways:

1. to ensure that content from our website is presented in the most effective way for you and your computer by collecting total information for our users by using it to analyze the effectiveness and popularity of this site
2. to allow you to participate in the interactive features of our service, when you decide to do so
3. we may disclose your personal information to third parties in the following circumstances:
 - if we have received your consent/approval to do so
 - when we are required or authorized by law, court orders, regulators or governmental authority to reveal/disclose your personal data
 - if required to protect the property rights, or the security of Turgut Ozal EDUCATION JSC company, its members or others.

Measures for security of personal data in Turgut Ozal EDUCATION JSC

As personal data controller, we take appropriate organizational and technical measures to protect personal data from illegal, accidental destruction, accidental loss, to protect the access to or disclosure to unauthorized persons, especially when processing data in the network, as well as any other form of illegal processing.

Turgut Ozal EDUCATION JSC as a Personal Data Controller also takes these special security measures:

1. Determine the functions between the organizational units and the operators for the use of the data;
2. Use of data is done by order of the organizational units or authorized operators;
3. Instructs operators, without exception, for their obligations, in accordance with the law on protection of personal data and internal regulations for data protection, including data security regulations;
4. Prohibits the entry of unauthorized persons in the area of the controller or the data processor;
5. Access to data and programs is done only by authorized persons, prohibits access to archiving tools and their use by unauthorized persons;
6. The operation of data processing equipment is done only by the authorized person and every means/tool is provided with preventive measures against unauthorized operation;
7. Records and documents modifications, corrections, deletions, transmissions, updates, etc;
8. Whenever Turgut Ozal EDUCATION JSC employees leave their workplace, they must close their computers, lockers, safes and office, where personal data is stored;
9. They should not leave the work premises when there are data protected at the desk, and are in the presence of persons who are not employed by the institution;
